

Job Description – Teacher

Responsibilities

- Plan, prepare, and deliver engaging lessons in accordance with the prescribed syllabus frameworks.
- Assess and evaluate students' classwork, laboratory work, assignments, and examinations, providing constructive feedback.
- Supervise and ensure the safe conduct of laboratory sessions.
- Organise, coordinate, and lead enrichment activities such as competitions, projects, and themed learning events.
- Maintain a high level of professionalism by meeting deadlines, adhering to schedules, and demonstrating efficiency in all responsibilities.

Requirements

- Bachelor's Degree in Education or Science, specialising in Chemistry, Biology, or a related field.
- Minimum of 3 years' relevant teaching experience in a school setting.
- Experience teaching the IGCSE syllabus or an equivalent curriculum.
- Strong proficiency in both spoken and written English.
- Ability to teach Biology, Chemistry, or general Science will be an added advantage.
- Available to commence employment in August 2026.
