- Technology & Innovation
- Art
- Music
- ICT
- International
- Health & Well-being
- Language Art
- Mathematics

### Personal Goals

These underpin the individual qualities and dispositions that the children need essential in the 21st century.

8

#### IPC Personal Goals

- Adaptable
- Respectful
- Empathetic
- Collaborator
- Thinker
- Resilient
- Ethical
- Communicator

### International Learning Goals

These learning goals are unique and can help young children to develop international mindsets and intercultural perspectives.

# How do they Learn?

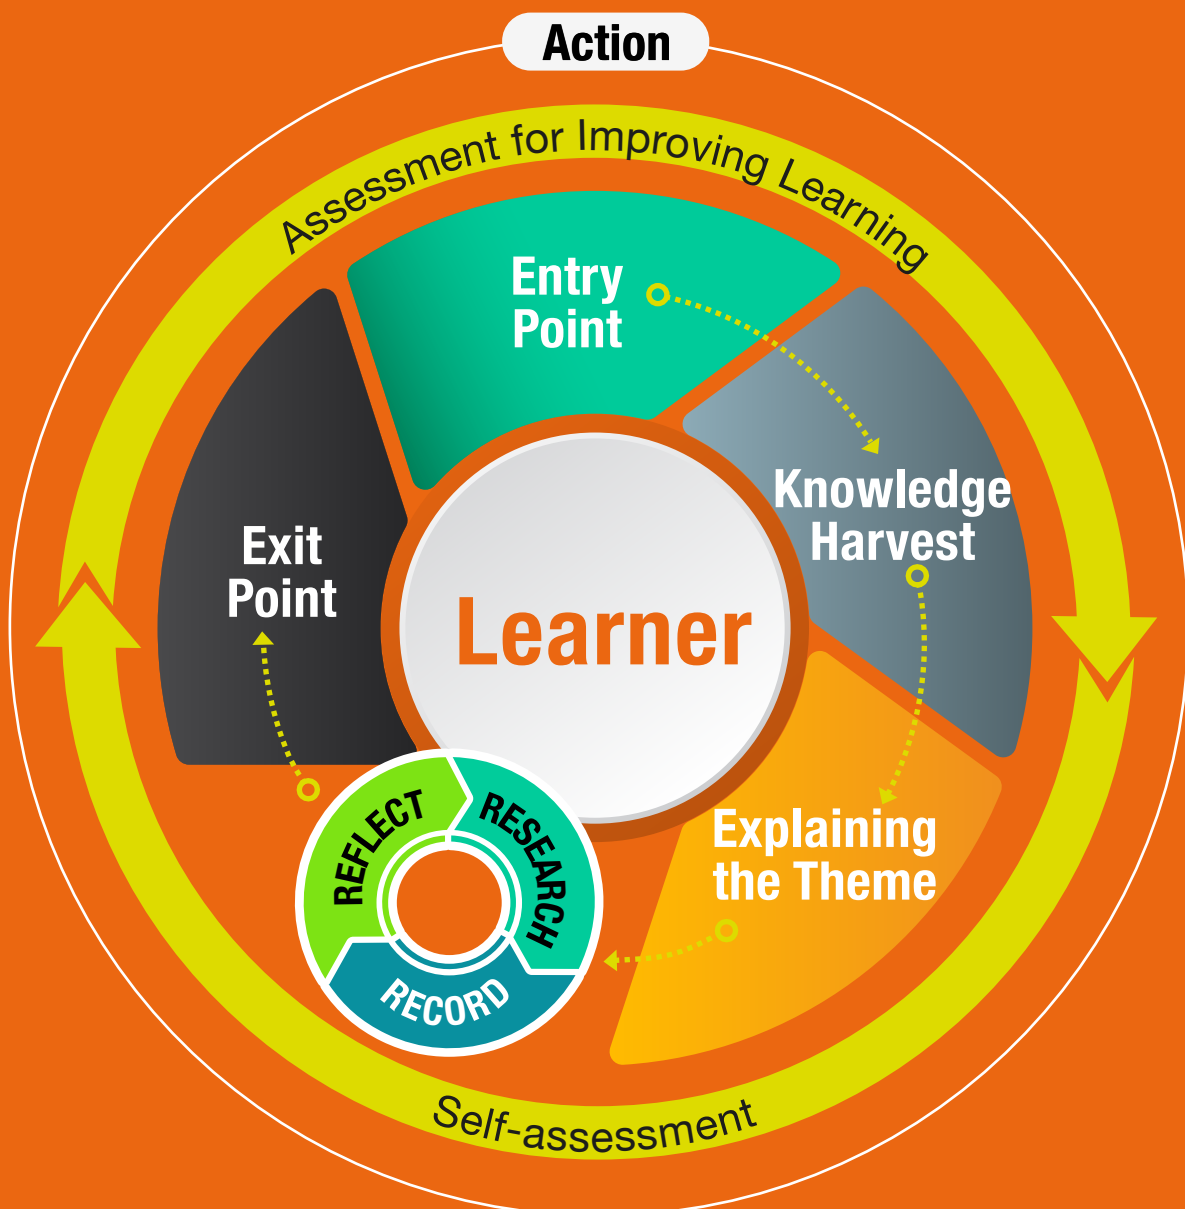

Children learn through a series of IPC units of work which are stimulating with rigorous activities. IPC allows children to make connections in learning across subjects.

The IPC has been designed for children of all abilities and all learning styles, and encourages learning in groups as well as individual learning. It places emphasis on children doing research and recording of their learning.

## IPC Learning Process

# Cambridge Secondary 1 Year 7 - Year 9 (Age 11 to 14)

Shaped by the Cambridge Curriculum, the Cambridge Secondary 1 programme is structured to strengthen and diversify every students' fundamental skills.

Rafflesia students are challenged to discover and achieve their potential while concurrently being assessed by Cambridge Checkpoint examinations. This component evaluates a student's mastery of English, Mathematics and Science, and identifies core strengths to build on. It also provides parents with valuable information so they can assist their child in choosing the right IGCSE subjects to work towards.

# IGCSE Year 10 - Year 11 (Age 14 to 16)

Rafflesia students progressing from Cambridge Secondary 1 will further develop a deeper understanding of the subjects, while continuously improving their skills. This prepares them for the IGCSE Examinations.

Under the IGCSE programme, the students will study a mixture of core, compulsory and optional subjects, i.e. English, Mathematics and Sciences are offered as well as a wide range of elective subjects including Business, Humanities, Social Sciences and Languages.

As 21st century learners, Rafflesia students will be equipped with a creative mindset, problem-solving skills and endless curiosity for knowledge, giving them the springboard they require to thrive and succeed in their future endeavours.

# AI AND ROBOTICS

**EDUCATION PROGRAMME**

## Artificial Intelligence (AI) Courses

### BRINGING AI TO LIFE

The carefully structured AI programme will be an important part of the school curriculum. It will enable students to develop essential coding and programming skills with meaningful links to learning other subjects such as Mathematics and Science.

This program will equip the students with the programming language of C, C++ or Python which is commonly used in the near future.

## AI Intelligent Maker Series Curriculum

In preparing our students to thrive in a world where artificial intelligence is an integral part of their lives and careers of today and tomorrow, Rafflesia International School is implementing the AI Intelligent Maker Series Curriculum, which meets the learning needs of students of different ages, levels and interests.

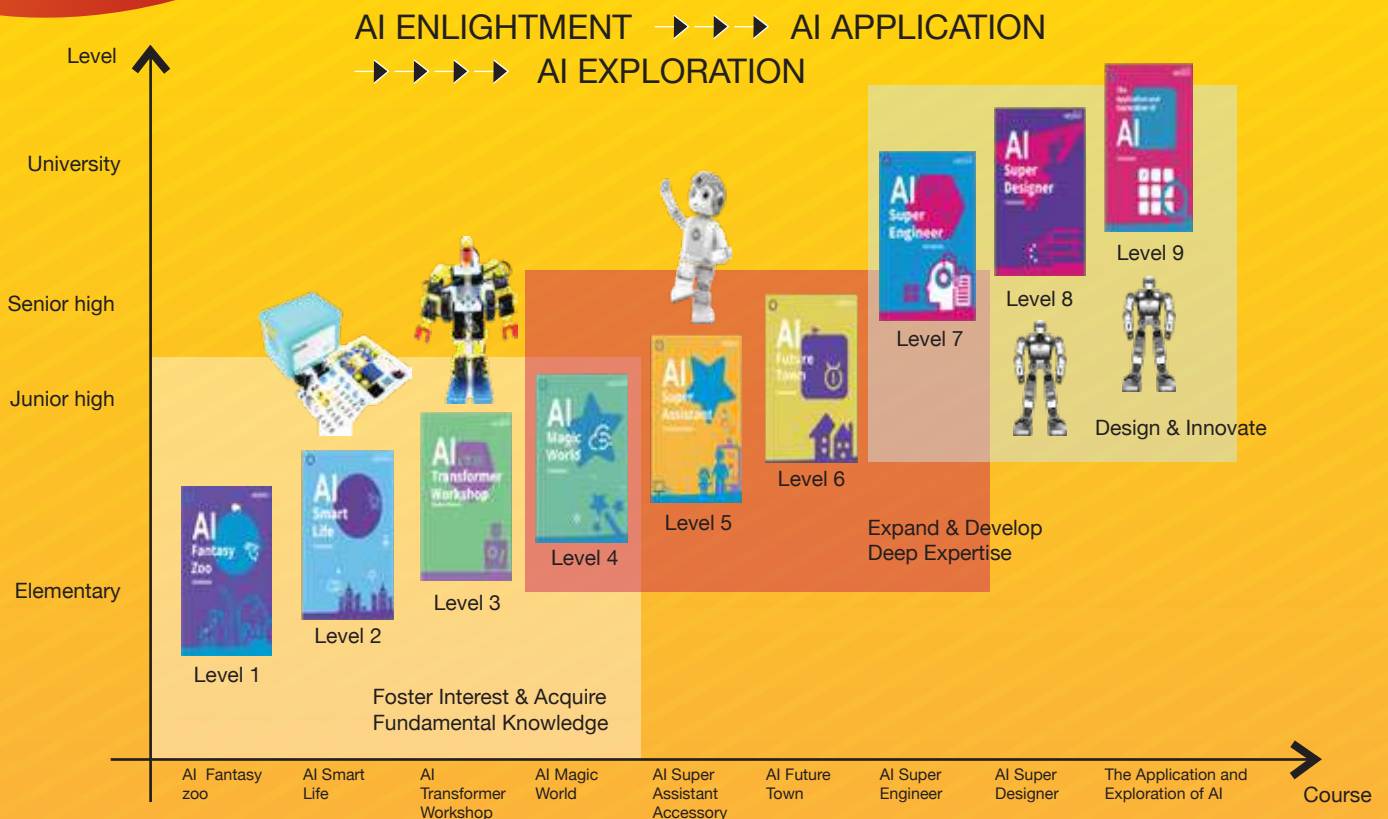

### Curriculum Key Highlights

- ✔ Comprehensive robotics syllabus from elementary school to research study.
- ✔ It is an end-to-end syllabus covering the essential learning path rather than the numerous modules offered in the market.

The curriculum is planned with teaching kits for teachers to implement their lessons for appropriate levels.

In addition a progression road map is provided to chart the student progress in their stages of development.

# CO-CURRICULAR ACTIVITIES CCA

Co-curricular activities are important to help build and form the social dispositions of the students. This is an opportunity for them to further enhance their hidden potentials and talents. We also believe these activities will help students strike a balance between academic excellence and their social responsibilities in line with our holistic education.
