Star OF THE WEEK

Foo Yi Siang shows positive attitudes towards learning. He is very disciplined and shows enthusiasm to learn new things. He also participates actively in the class discussions and submits all the assigned homework on time. His subject teachers are very impressed with his persistency and they believe these learning attitudes will allow him to become an all-rounder in the future.

**TRADITIONAL VALUES
GLOBAL VISION**

Dear Parents / Guardians,

A Happy Belated Thaipusam. On this auspicious occasion, may I wish all our Hindu parents/guardians, staff and students a blessed, joyous and peaceful celebration.

We are already into the 3rd week of Online Lesson since 14 January 2021. The overall daily attendance of our students is very encouraging (>90%). The School Management Team has been preparing and constantly working with our teachers to ensure that your children can continue to follow the curriculum plans, be provided with substantial work from our teachers and receive daily feedback about their work amidst the Covid-19 pandemic. I would like to thank the parents/guardians fraternity for their constant monitoring and cooperation during the Online Lesson.

Singapore and Asian Schools Math Olympiad (SASMO) is back. It is an international mathematics competition that is organised by Singapore International Math Contests Centre. SASMO aims to cultivate students' interest in mathematical problem solving to develop mathematical intuition, reasoning, logical, creative and critical thinking. Due to the current Covid pandemic, this contest will be conducted through ONLINE platform. If you are interested, please contact your child's respective homeroom teachers to further assist in taking part in the competition.

SMRP Activities:

- Mathematics - Arithmetic Operations
- Bahasa Melayu - Sajak & Puisi
- Sejarah - Kerajaan Alam Melayu
- ICT - Corporate House Styles
- STEM - Students' Project

Quotable Quote:

Confidence doesn't come when you have all the answers, But it comes when you are ready to face all the Questions.

Thank you for your unwavering support and cooperation.

SAJAK BINTANG

Suatu malam aku duduk
di halaman rumah
kulihat cantiknya bintang-bintang
menghias langit yang terbentang
aku ingin terbang ke sana
membawa pulang bintang-bintang
tentu ibu gembira
tentu ayah bahagia
melihat rumah ini
penuh dengan cahaya.

Tetapi kata ibu
itu tidak perlu
ayah sudah ada bintang
begitu juga ibu
rumah sudah bercahaya
begitu juga jiwa mereka
bintang itu adalah aku
bintang hati ayah dan ibu.
